Slemp Wants L. P. Summers for Thomas Lee Moore's Job.

Thomas Lee Moore's Job.

(Special to The Times-Dispatch.)

LYNCHBURG, VA., Jan. 24.—Trouble is browing in Republican circles in the southwestern section of the State. Commencing at the recent conference of the leaders of the party at Roanoke, the end is not in sight, and no one can forecast what the final outcome will be. The trouble, said to be an open breach bottween Congressman Campbell Siemp, of the Ninth District, and District Attorney Thomas Lee Moore, of Christiansburg. Mr. Moore is a candidate for reappointment to the position now held by him as district attorney for the Western District of Virginia, and up to the time of the conference in Roanoke, it is claimed, he expected the support of Mr. Siemp for reappointment. Just before that meeting Mr. Moore is said to have asked Mr, Siemp what he could expect from him. In reply Mr. Slemp declared that it was his purpose to advocate the appointment of Mr. L. P. Summers, Commonwealth's attorney for Washington.

NEWPORT NEWS, VA., Jan. 24.—L.

served in the Civil War, died at the Soldiers Home hospital yesterday. He was
sixty-two years old and was the only

New York Infantry and had a good record.

Eddle Hunt, a negro, who is charged with firing a revolver into a crowded street car over a month ago, wounding Thomas E. Benton, a mechanic employed in the shipyurd here, has been arrested and is held in jail pending a hearing in the Police Court. Benton and the negro had a dispute and the negro walked back to the rear platform and fired through the crowd, wounding Benton slightly, the bullet making a flesh wound in the chest and arm. If Hunt had been captured just after the incident, it is more than probable that he would have been roughly handled by the crowd on the car, which was greatly worked up as a result of the shooting.

Defects found in one of the battlesmp Minnesota's ballast tanks will necessitate a postponement of the launching of that vessel until some time in March, at which time she will be about 60 per cent, complete. She will then weigh approximately 9,600 tons or nearly 2,000 tons more than the armored cruiser Maryland weighed when she was launched. It will see a new record for the showard in that

DISTRESSING ACCIDENTS.

Two-Year-Old Boy Causes Death of Sister-Child Burned to Death of Sister—Child Burned to Death

(Special to The Times-Dispatch.)

HILLSVILLE, VA., Jan. 34.—There
were two-very distressing accidents happened in this county on last Friday evening. The first was in the family of
Thomas Winesett, who lives four or five
miles west of Hillsville. A loaded gun
had been left within reach of a two-yearold baby boy, who commenced playing
with it, and managed in some way to
cause its discharge. The load took effect
in his little sister's log, so mangling it
that it had to be amputated, from the
effects of which she has since died.

The second accident occurred in the
family of Bal. Huff, who lives near Aral
Postoffice, in this county, Mrs. Huff left
her little girl at the house until she could
go about two hundred yards to a spring
for a bucket of water. Before she re-

him. In reply Mr. Slemp declared that it was his purpose to advocate the appointment of Mr. L. P. Summers, Commonwealth's attorney for Washington county, a resident of Abingdon, for the office. This declaration is said to have caused a war of words, in which Mr. Moore did not show up at the Ronnoke conference, and when a committee was sent out for him he could either not be found or refused to attend the meeting and participate in its work, and the work was accomplished without him. Last Saturday he did not complere to attend the meeting of the State Central Committee as was expected, and this has caused considerable talk among those who did attend.

The predominating opinion among the Agnew Republicans is that Mr. Moore will be able to secure his appointment without great trouble. It is recalled that when Mr. Moore was first appointed to the attorneyship that it was probably largely through the influence of Admiral Evans, who is an uncle of his wife and a warm personal friend of the President.

Now' in addition to that influence, Mr. Moore had a record of four years to lay before the President.

It is helieved by Republicans here that this fight promises to be one of the hottest that Mr. Roosevelt has yet been called upon to decide as between the Republicans of this State. The fight, on account of Mr. Moore being an anti-

Message From Governor Glenn Urging Appropriation for Hall of Records.

TO REIMBURSE TREASURER

To Provide a Meeting Place in Every County for Confederate Veterans-The Kermiss.

(Special to The Times-Dispatch.) RALDIGH, N. C., Jan. 24.—A bill was atroduced in the Senate by Eller and in he House by Coffeld to appropriate \$75,-000 for the erection of a five-story granits fire-proof building for records, hall of history, State library, offices of superintendent of Public Instruction, Insurnice Commissioner and a number of other State offices.

Governor Glenn sent a special message orging favorable action on the bill, which

urging favorable action on the bill, which has the endorsement of the State Board of Public Building and Grounds.

There was another lengthy discussion in the House on the bill to relmburse State Treasurer Lacy \$374, embezzled by W. H. Martin, clerk in the treasury under Worth, while assisting Lacy's clerk, The'bill finally passed.

A BAD PRECEDENT.

Several leading Democrats opposed the bill as a bad precedent. A bill was introduced in both branches to relieve the State Board of Agriculture of contributing further to the current expenses of the Agricultural and Mechanical College the amount being now contributed, \$10,000.

Senator Sinciair introduced a bill to provide a meeting place in every county for Confederate Veterans. The Odell bill, increasing fourth-class pensions to \$20, is made a special order

The Odell bill, increasing fourth-class pensions to \$20, is made a special order for Friday.

In the House, Graham, of Granvills, introduced a bill to extend the time for settling and commuting the State debt to January 1, 1907.

The Daughers of the Revolution have engaged Mr James Wrenn, of Sallsbury, to direct the giving of a "kirmiss" here in the near future for the purpose of raising funds to more elaborately furnish their society apartments. Over one hundred ladies, the best local talent in the city, will participate.

The bride of William Biggs, who disappeared recently soon after the wedding ceremony in House Creek township, this county, is still missing with no clue whatever as to her whereabouts. Samuel Lumford, has been arrested and put under bond for threatening to kill her. But there seems to be very little evidence against him.

AMPLIFY WATTS LAW.

Senator Wards' bill, introduced to-day to amplify the Watts act, is understood to have the endorsement of Senator Simmons and other party leaders. It forbids the manufacture (not the sale) of lisuor in towns of less than 1,500 inhabi-

Simmons and other party leaders. If forbids the manufacture (not the sale) of liquor in towns of less than 1,500 inhabitants; no saloon to be permitted in any town where no municipal government is maintained and at least two policemen employed, these policemen to visit saloons at least once a week and inspect with a view to ascertaining whether the law is being violated, policemen making reports in writing to the mayor who in turn gives them to the solicitor at each court. Also that in towns where liquor is not allowed to be retailed it may be sold not only on prescription of physicians, but on certificate of the head of the house that some member of the family is ill, it being a misdemeanor for the head of the house to make a false certificate.

Representative Harrison has introduced two bills in the House that are of considerable note. One is intended to re-

for Selling Liquor in Charlotte.

(Special to The Times-Dispatch.)

CHARLOTTE, N. C., Jan. 24.—H. C.
Trott, prominent saloon keeper, of Sallsbury, has been served with a warrant, issued by City Recorder Shannonhouse, of
Charlotte, charging him with shipping
liquor to prohibition territory. The case
is the first in this section under the new
anti-jug law and probably the first in
the State. A young white man was arresied by the Charlotte police Sunday for
drunkenness; yesterday the recorder
forced the culprit to disclose where he
got the liquor; he finally named Trott.
The case will be hoard Thursday !f. got the liquor; he finally named Trott.
The case will be heard Thursday if
Trott honors the summons and in either
event interesting results are promised.
He has employed the best legal talent
obtainable and will fight the case to the
last ditch, and it is understood that he is
backed by the liquor dealers' association. The anti-jug law makes the place of delivery the place of sale and Trott shipped the liquor to the young man here from his Salisbury saloon.

Body of Desperate Negro Killed

Body of Desperate Negro Killed at Greensboro Is Identified.

GREENSDOKO, N. C., Jan. et.—The negro shot and killed by Policeman H. B. Donnell yesterday afternoon, was buried to-day without being identified, although at least two thousand people viewed the remains. A deputy sheriff from Rockingham county was almost sure he was Dolph Moore, who had served a term in the penitentiary for killing his sister.

The father of Moore resides west of this city, and he went to police headquarters, but said the dead man was not his son. Moore is now serving a term on the county roads of Guilford. This morning Chief of Police Scott received a letter from the sheriff of Stanley county to look out for and arrest a negro whose description fits the dead man fairly well, but it was not deemed advisable to send for Stanley's sheriff and the body was buried at the city's expense this morning.

It is thought that he came here from Charlotte, and that he may be Will Harris, the noted desperado from Mecklenburg.

CAUSE OF COLDS AND HOW TO TREAT THEM.

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congention and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emplasized. Take Chamberlain's Cough Remedy as soon as the first indication of the cold appears, and all dangerous results will be avoided. It not only cures a cold quickly, but counteracts any tendency of the cold to result in pneumonia. There is no danger in giving this remedy to children, as it contains no opium or other harmful drug. It is pleasant to take. For sale by all druggists.

Covers Five Miles in 3:17, Clipping 14 Seconds From Vanderbilt's Record.

ORMOND, FLA., Jan. 24.-During the races this afternoon, Arthur E. McDonald, with his fifty horse-power machine, heretofore entered, took trial for the five to pieces. The races were being pulled off in regular order, but the cars in one event were a little show and the track was cleared for MacDonald, who is a young Englishman, with plenty of nerve and with faith in American automobile builders. He came all the way from England for the Ormond-Daytona meet, and if he keeps up the good work started to-day, he will go home with plenty of laurels.

MacDonald's Fine Run. MacDonald's Fine Run.

Mr. MacDonald took a long flying start and went by the starters and judge's stand at a splendid clip. All remarked on the smoothness and speed of the machine and a record-breaking run was looked for. When the automatic pistol fire announced that the five miles had been covered in three minutes and seventeen seconds flat, a mighty shout went up. The world's record for this distance was held by W. K. Vanderbilt, made here last year in three minutes and thirty-one and one-fifth seconds in his ninety horse-power machine, now property of B. a., Shan ey, Jr. Mr. MacDonald lowered the record by just fourteen and one-fifth seconds. His average for the five miles was thirty-nine and two-fifth second; only two-fifths of a second under the world's record for a single mile also held by Mr. Vanderbilt.

When Mr. McDonald returned to the judge's stand from the record-breaking run, he knew that he had done well from the heartlness of the cheer that heralded his approach. He took his victory and congratulations modestly. His success to-day will tend to encourage him to try for other records with his smooth running and steady machine.

Bernin Fails.

M. G. Bernin, in W. Gould Brokaws sixty horse-power, made a try for the world's record for ten miles, but failed, He covered the first five miles of the ten in 3:511-2, and the ten miles in 7:12 flat. This distance was covered last year by Mr. Vanderblit in 6:50. It is not believed, that Mr. Bernin pushed his machine for all it was worth, as it gave him a great deal of trouble at first.

One or two of the regulars for to-day were postponed until to-morrow, owing to accidents and unavoidable delays in the arrival of the cars at the preliminary starting points. Other events were declared off for different reasons. Bernin Fails.

(Special to The Times-Discatch.)

BIUDIFIELD, W. VA., Jan. 24.—The hand of affliction is heavy on one Bluefield family. Two weeks ago the father met a volent death on the railroad yards in this city. Only a few days later his little daughier. Its, passed into the great beyond with diphtheria. Scarcely had the grave been filled until the second little daughter had died, making three deaths

less than two weeks. But this is not i, for several days after the father's ath a baby was born, and the mother now lying at death's door. This was a family of D. D. Blackwell, formerly Washington county, Va., where the mains of the three were taken for interest.

of Wishington county, Va., where the remains of the three were taken for interment.

Mr. Chandler was engaged in the repair of a car, and in some intermediate of the hoisting jacks give many, and a lever struck him on the neck, breaking kt, causing death in three minutes. Mr. Chandler was a married man and leaves a wife and six children. He came to this city from Glies county, Vh., and was a prominent citizen. The remains will be taken to Pearlisburg, Va., for interment to-day. Yesterday was a record day on the Pocahontas division of the Norfolk and Western road. There were seventy-five trains handled on that one division, each hauling heavy loads of coal and coke, besides the large number of trains moved on the Clinch Valley division, making it a red ictor day in the history of this coal producing section. Nearly every operation in this field is working to its full cannelly, while many are working overtime to fill the heavy orders for fuel.

Polleeman Day shot and instantly silled an Italian at Weloh last night while resisting arrest. The officer was attacked by three Italians, who were drinking and raising a disturbance, each being heavily armed with pistois and large knives. None of the names could be learned, but when the smoke of battle had cleared away the officer had killed one and landed two others in the Welch jail.

Next to the Bijou.

Plans have been completed by Architects Noland and Baskerville for two handsome buildings to be erected on Brond Street, adjoining the new Blou Theatre on the east side. The buildings are to be erected at once for W. M. Habilston. They will be three stories high, with a tro age of something over forty-one feet on Brond Street and will have a depth of 100 feet.

The first floors will be storeroms, and the upper-floors will be made into apartments, with all modern conveniences. Builders are now figuring on the work and the probability is that the successful bidder will commence the work within the next two or three weeks.
